SUBJECT: NSCID's #1 and #5

1. Now that #1 has been revised to put the responsibility for implementation of NSCID's and DCID's into command channels; in the new wording the NSC, in effect, tells the Sec. Def. and others that "Such directives, when applicable, will be implemented within the departments and agencies of the government", we do not have to worry so much about a specific wording on the subject of "coordination" in NSCID #5.

2. Unless we put wording into #5 which indicates that all other NSCID's
Approved For Release 2003/05/27 : CIA-RDP85S00362R000600170026-9
concern overt matters, then the power of DCID 5/2 will be established by #1
and have the full weight of a NSCID itself. In addition, and this is most
important, we will in the "agreed activities" field have the power of para. 14
of NSCID #1 which says that the DCI or his representatives can ^{such} make "surveys"
of the ~~departmental~~ intelligence activities of the other departments and agencies
as he may deem necessary in connection with his duty to advise the NSC and to
coordinate the intelligence effort of the United States". Those are priceless
words that are underlined and we should do nothing to upset their full application
to NSCID #5 and DCID 5/2. I am pointing this item out to STAT
rather keen on having the clause in that would make NSCID #1 non-applicable to
the agreed activities field - what a revolting development that would be.

MEMORANDUM FOR: The Inspector General

SUBJECT : Revision of NSCID 5

REFERENCE : Third Draft Revision (TS No. 148672-C)

1. In the course of the preparation of draft revisions of NSCID 1 this staff recommended that there be included in that directive provisions concerning collection requirements and cover support to this Agency. The final draft of NSCID 1 which is to be reviewed by the IAC does not contain any reference to either of these subjects.

2. It is therefore recommended that the following sentence be added to paragraph 1 of the third draft of NSCID 5:

"The other Departments and Agencies, on their part, shall assist the Central Intelligence Agency in this task with continuous and timely guidance, by specific collection requirements and assessments of intelligence information collected."

3. It is further recommended that a paragraph be inserted in the third draft of NSCID 5 to read:

"In the conduct of such espionage and counter-intelligence operations the Director of Central Intelligence shall make arrangements with the Departments and Agencies for such cover support as may be needed by the Central Intelligence Agency."

In the event that the recommendations for additional changes to NSCID 5 contained in my memoranda to you dated 26 April and 8 May are not considered necessary, it is suggested that the paragraph quoted above become paragraph 3 of NSCID 5 and that the present paragraph 3 and subsequent paragraphs in the third draft be renumbered.

4. During the FI weekly briefing of General Truscott on May 29, I discussed the above recommendations. With regard to the recommendation contained in paragraph 2, the General suggested that we attempt to insert the provision on requirements either in NSCID 3 or NSCID 5.

SECRET

- 2 -

Since the CIA Task Force concerned with NSCID 3 did consider this suggestion and recommended against its inclusion in that directive, we therefore recommend its addition to paragraph 1 of NSCID 5. General Truscott expressed concurrence with the suggestion contained in paragraph 3.
